

Daikin understand how hard you work and how important your heating business is to you. That is why we have created Daikin plus.

Daikin plus allows you to earn points for each of your Daikin Altherma installations uploaded to Daikin Stand By Me. These points can then be redeemed for branded merchandise, clothing and more on our Promoshop.

As well as that, each homeowner registration will earn you a chance to win an amazing monthly prize.

Step 1: Upload to Stand By Me

Daikin Stand By Me is an online database for installers and homeowners that stores all the information about your installed Daikin system. For installers, it provides you with a detailed summary of each install, allows you to upload all reports, check maintenance due dates, and even allow you to remotely monitor the system.

Uploading your installation can be completed from your phone in only a couple of minutes via the Daikin e-Care app.
